The Barbara Davis Center for Diabetes and the Children’s Diabetes Foundation will host the fourth annual EPIC Diabetes Conference on Saturday, April 25, 2020.

The EPIC (Empowering Patients for Individualized Care) Conference will bring together approximately 500 people with any type of diabetes and their supporters (family, friends, and caretakers) in a supportive environment to facilitate practice- and evidence-based learning to improve diabetes care physically and emotionally. Attendees will have the opportunity to connect with Colorado’s top diabetes specialists and industry representatives in order to improve their individual care. Each session features a 15 minute presentation with 45 minutes for discussion.

**PAST CONFERENCE REVIEWS**

“My favorite part was being around others and knowing I am not alone - that we are all working every day to be the best type 1 diabetics we can be.”

“From the vendors, other families, and medical staff that we know and recognize, it is a great opportunity to connect, encourage, and feel a part of the community!”

“I loved the speakers and hearing what they had to say about diabetes. The vendor booths were great and I enjoyed getting to speak with the industry reps about new care options.”

“It was so great having the resource booths there to learn more in between the sessions. I’m glad they took the time to be there and answer my questions.”
